1.3 1. Introduction

The Learning & Development System (L&D) is a centralized platform designed to streamline training management for organizations. This system ensures structured training sessions, effective role-based access control, session scheduling, attendance tracking, and feedback collection. The platform is intended to optimize employee skill development, ensuring compliance with corporate training objectives.

This manual serves as a comprehensive guide for different user roles, including Admins, Coordinators, Sub-coordinators, and Trainees. Each role has specific responsibilities, and access is controlled based on predefined permissions to ensure efficient training program execution.

Screenshot Example:

SL NO.	REF NO	PLANNED DATE ↓	BRANCH	DEPARTMENT	TOPIC	TRAINER	STATUS	ACTIONS

1.4 2. User Roles & Access Control

1.4.1 Admin

- Highest level of access in the system.
- Can create and manage training sessions.
- Assigns coordinators and oversees training execution.
- Views all training sessions across branches and departments.

1.4.2 Coordinator

- Assigned by the Admin for specific branches/departments.
- Responsible for mapping trainees to training sessions.
- Can assign sub-coordinators for better management.
- Ensures that trainees attend the appropriate training programs.

1.4.3 Sub-coordinator

- Assists Coordinators in mapping trainees to sessions.
- Has limited access compared to Coordinators.
- Can actively participate in trainee assignment and session management.

1.4.4 Trainer

- The user who is going to take the training. It can be an External / Internal
- Internal Trainers only have the access to our platform. They can give attendance, Feedback, and all to the trainees attended.

1.4.5 Users

- Users assigned to specific training sessions.
- Must attend the training and provide feedback after completion.

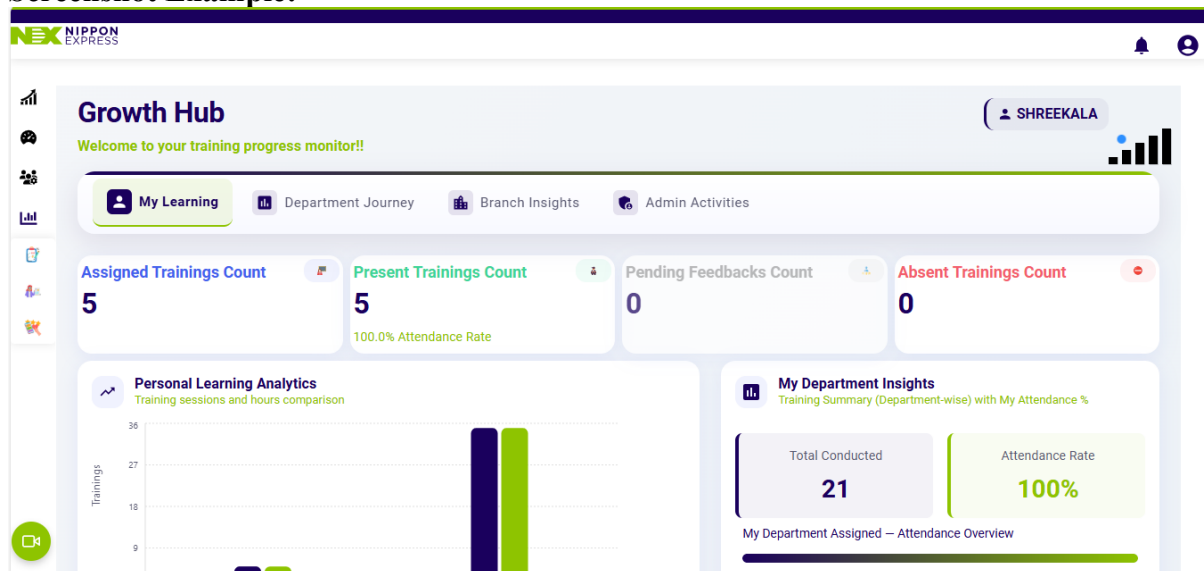

1.5 3. System Navigation

Upon logging in to the NEIN Home Page, users can select for the Learning and development menu under HR & Administration. Users are directed to the **User View** by default. If a user has additional roles, such as Admin privileges, they can switch to the **Admin View** through the system interface.

1.5.1 Main Menus:

1. **Dashboard** – Overview of training activities, upcoming sessions, and notifications.
2. **Training Summary** – Displays planned and assigned trainings.
3. **Masters** – Admins can configure training-related settings, such as topics and categories.
4. **Reports** – Generates reports on training participation, attendance, and feedback.

Screenshot Example:

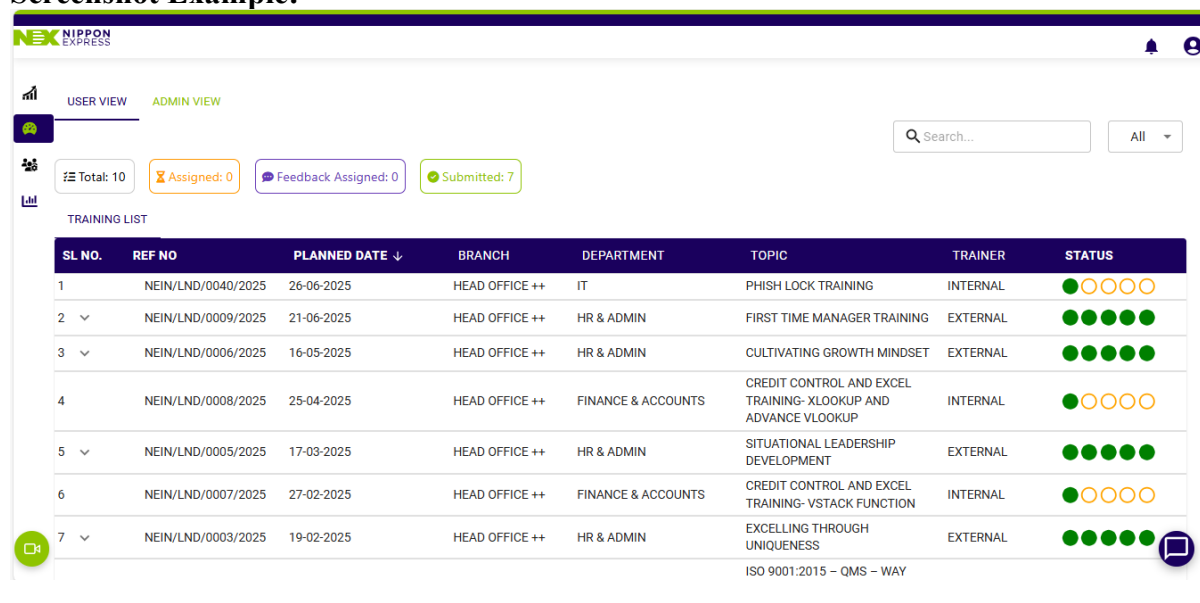

1.6 4. Training Summary

The **Training Summary** section provides a consolidated view of all planned and assigned training sessions.

- **Trainees:** View their assigned trainings.
- **Coordinators:** Manage training sessions and map trainees.
- **Admins:** View all sessions across departments and branches.
